Front-End

Hi! So, you're here to learn more about me.

I am a passionate, friendly, dedicated Front-End developer interested in the latest solutions, accessibility, and reusable code. I prefer challenges and have no fear of new things and tasks. I'm a creative person and a positive thinker. – Are you still here? My skills cover multiple aspects of code and technical knowledge. I created or helped with the creation of hundreds of different components, websites, portals, and applications as a Tech lead, front-end, layout designer, developer, or UI developer.

Tools & Technologies

- → React, Typescript, Node.js, Redux
- → SCSS, Styled Components
- → Storybook
- → Jest, React Testing Library, Cypress, Playwright
- → Figma, Sketch, Zeplin, Invision
- → HTML, CSS, JavaScript/ES6

Industry Knowledge

- → Ability to coach and mentor other members of the team
- → Experience building component library
- → Strong communicator
- → Eye for detail
- → Interest on accessibility standards

Work experience

ISDIN – Barcelona, Spain

Tech Lead
Jan 2021 — Present

Create a component-based design system (estimate tasks, review pull requests, implement new features pixel-perfect, write unit and integration tests and take initiative to keep the stack up to date).

Digital Developer Specialist
May 2019 — Jan 2021

Develop eCommerce with Salesforce Commerce Cloud (SFRA), React and TypeScript. Convert design into functional code, build and optimize websites with clean and concise code. Create SCSS Framework for responsive and mobile-first websites. Work closely with UI & UX team to build excellent user interfaces and user experiences. Improve performance and fix website issues.

TECHSTYLE FASHION GROUP – Barcelona, Spain

Acquisition layout designer
May 2018 — May 2019

Develop and improve code from landing page with clean and concise code, optimize and improve layouts. Design and create all kind of contents: Emails, banners, social media ads, Instagram videos, Facebook Videos and help with TV spots.

ARISTARC (ED ENGINYERIA) – Barcelona, Spain

User interface developer
Mar 2017 — Nov 2017

Design and develop visual code for websites (with React Native, Django, and CSS with HTML5). Work with the latest technologies and optimize code performance, SEO, best practices, and accessibility. Also work as UX/UI designing mockups, layouts, images, icons, and logos.

EMPIEZAPORI – Barcelona, Spain
